**Day 2: Sunday, September 8, 2024 Oslo, Norway - Tour Begins** Arrive in Oslo, Norway’s grand capital. An up-and-coming foodie destination, Oslo combines classic tastes with modern twists. Meet your fellow travelers for a hearty and delicious welcome dinner. (D)

**Day 3: Monday, September 9, 2024 Oslo** Join a local guide and begin your day at the Fram Museum, dedicated to telling the story of Norwegian polar exploration. Venture down Karl Johan Street, passing by iconic buildings such as the Royal Palace and city hall as you take in the charming heart of downtown Oslo. Make your way to Vigeland Park, home to a collection of statues and sculptures that the legendary artist Gustav Vigeland constructed during his life. This afternoon, enjoy free time to relax or continue discovering the hidden secrets of Oslo on your own. (B)

**Day 4: Tuesday, September 10, 2024 Oslo - Flåm** Heading north of Norway’s capital, enter the majestic and unique landscapes of the fjord region. Visit the Borgund Stave Church, an awe-inspiring building dedicated in honor of the Apostle Andrew in 1180. Continue to the quaint village of Flåm, your gateway to the grandeur of Aurlandsfjord. Traverse the terrain on the renowned Flåm Railway, one of the steepest train rides in the world, and climb 3,000 feet past rushing waterfalls, looming mountains, and picturesque valleys. Admire the scenery along the mountain plateau of Myrdal before descending into the fjord of Flåm. (B, D)

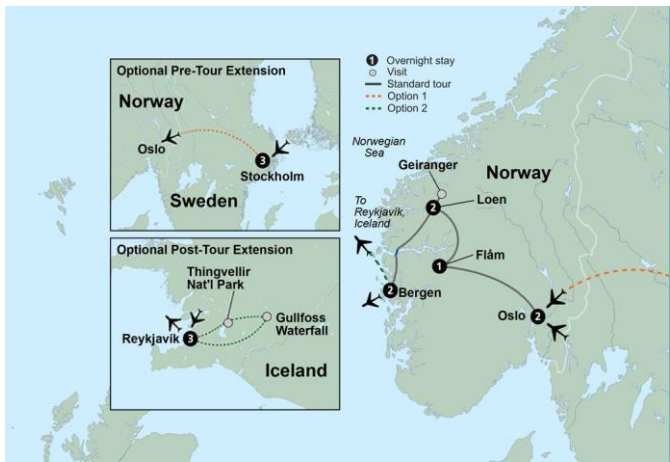

**Day 5: Wednesday, September 11, 2024 Flåm - Loen** Immerse yourself in the striking nature of the Sognefjord before traversing the Briksdal Glacier. Surrounded by thundering waterfalls and towering mountains, the glacier is considered to be one of the most awe-inspiring in all of Norway. Climb the glacier in a traditional “troll” car (the park’s open-air vehicles), and arrive for a relaxing stay in Loen, a charming village situated in the heart of Norway’s fjord region. (B, D)

**Day 6: Thursday, September 12, 2024 Loen - Geiranger - Fjord Cruise - Loen** Find yourself immersed in the enchanting landscapes of Norway’s fjord region. **Day 7: Friday, September 13, 2024 Loen - Bergen** Norway’s impressive landscapes continue to weave their spell on you as you travel to Bergen, the portal from the fjords. The Bergen of today – charming, old-world, and scenic – is much different from when it was founded by the legendary Viking warriors of the past. Enjoy a free evening to uncover the mysteries of this former Viking seaport, nestled against the imposing mountain range. (B)

**Day 8: Saturday, September 14, 2024 Bergen** Stroll along the historic and iconic Bryggen harbor front (UNESCO) on a guided walking tour of Bergen. ### Experience It! Norwegian Fjords

The evolution of the fjords began some three million years ago, when Norway was covered by an ice cap thinner along the coast than inland. With the arrival of a milder climate, the ice began to melt and produce great waterfalls that logged the soil and descended to the sea. Valleys were filled in by the ocean, creating the fjords. Surrounded now by steep rocky mountains, dissected by cascading waterfalls, and decorated with thriving fruit trees, the fjords are among Earth's most inspiring landscapes. You'll often find the Fjords of western Norway at the top of annual must-see lists alongside the Pyramids of Egypt and the Grand Canyon. This dramatic masterpiece of nature is a true wonder of the world; where the air is pure, the water is clear, and nature is unspoiled. No photograph can ever do justice to the Norwegian Fjords; it is a place that must be seen to be believed.
